What is evil? Where does it come from? And can it be stopped?

These are the questions that haunt Detective Michael Bennett as he investigates a series of gruesome murders that have terrorized the city of New York. The victims are all seemingly random, but Bennett soon realizes that there is a pattern to the killings. The murderer is targeting people who have done evil deeds in their past.

As Bennett digs deeper into the case, he uncovers a dark secret that has been hidden for centuries. The murderer is part of a secret society that believes that evil is necessary for the survival of the human race. They believe that by killing those who have done evil, they are preventing them from causing further harm.

Bennett is horrified by the society's beliefs, but he knows that he must stop them before they can kill again. He teams up with a group of unlikely allies, including a brilliant scientist and a reformed criminal, to track down the murderer and bring him to justice.

The Creation of Evil is a thrilling and thought-provoking novel that will keep you on the edge of your seat from beginning to end. It is a must-read for fans of Dan Brown, Dean Koontz, and Clive Cussler.

Praise for The Creation of Evil

"A gripping thriller that will keep you guessing until the very end." - Dan Brown, author of The Da Vinci Code

"A thought-provoking novel that explores the nature of evil." - Dean Koontz, author of Odd Thomas

"A must-read for fans of suspense and mystery." - Clive Cussler, author of Sahara

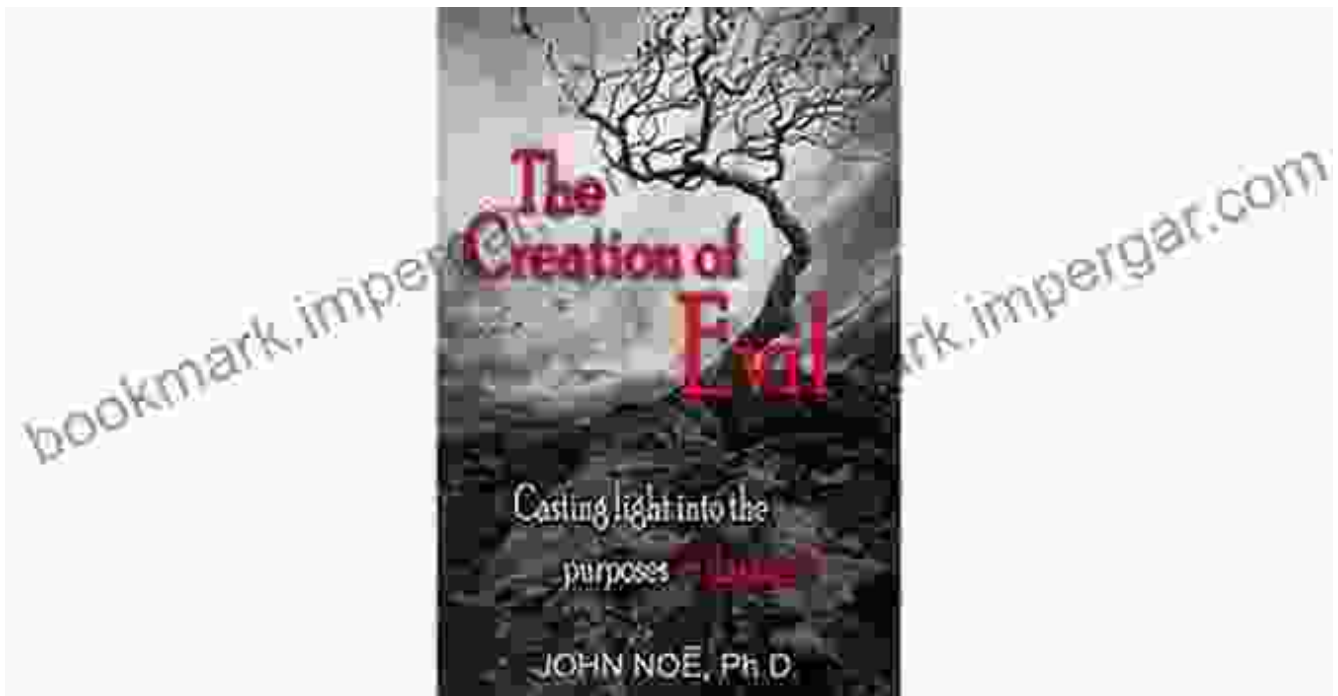

About the Author

Michael Bennett is a former police detective who now writes thrillers. He is the author of several best-selling novels, including The Creation of Evil, The Devil's Due, and The Shadow of Death.

Bennett's novels are known for their fast-paced action, suspenseful plots, and thought-provoking themes. He is a master of the thriller genre, and his books have been praised by critics and readers alike.
